About Your Coach

Ron Perry LAA Coach

I started gliding in 1968 having 1000+ hours with two diamond badges. I held a gliding instructor rating when I was 21 added a motor glider rating and worked up to CFI. I took up power flying in 1976 and also began flying hang gliders and weight shift microlights in their infancy.

I bought a share in a motorglider, then a PA28 at Bristol. Next a quarter share in an Emeraude which I have owned for many years. I enjoy foreign touring and have visited many European countries including Sweden and the Czech Republic. Total power hours 1700. CRI since 2002.
