

# 7.30PM TUESDAY JANUARY 14TH

## FARNBOROUGH AIRSPACE CHANGES

### WHAT THIS MEANS FOR YOU

Photos courtesy of Ian Haskell

Maggie Gault – General Manager NATS  
Farnborough

Neil Turner – Manager Operations and  
Training at NATS Farnborough

Miles Thomas - Farnborough Airport  
Environmental Manager

### **The presentation will cover;**

- The new airspace, dimensions and classifications
- The rationale behind why the airspace is designed as it is
- Discussion regarding the interface between White Waltham and Farnborough. What has changed – what has stayed the same
- How to obtain clearance through the airspace and what is the most efficient method – what other options are available
- A Q&A session to answer any queries or issues

**Kitchen open from 1800h – 1915h to serve hot meals  
and drinks**

# **ALL WELCOME**

# Tonight's Speakers

## **Maggie Gault**

Maggie is General Manager NATS Farnborough and is the Safety Accountability holder for the unit and the Airspace Change Proposal (ACP) project lead from a Farnborough Airport ATC perspective. I have been at Farnborough for 2.5 years.

## **Neil Turner**

Neil is Manager, Operations and Training, at NATS Farnborough. Neil is responsible for developing and implementing all operational aspects of the ACP. He has been at Farnborough for nearly 20 years and was involved in the airspace design and consultation process.
