

# About Your LAA Coach

## Ray Lewis

Pilot since 1983, gained instructor [CRI] rating 2007, Display Authority 2014, and instruct with LAA and RAF Lyneham Flying Club. Lives in Gloucester (despite my postcode!) and accessible to South Midlands, Western part of South of England and Northern part of the Southwest. Professional trainer/educator with an engineering background.

I now own and operate my own Jodel, previously Emeraude and a Jodel D112. Interested in touring trips and have visited Channel Islands, Germany (Templehof), Poland, Netherlands, Switzerland and France, flying extensively in the Alps, including from altiports/glaciers in winter, flying on skis.

Recently a build supervisor with the Boeing/RAeS Schools Build a Plane Project for the Stroud Schools consortium, becoming operations group leader and subsequently their lead pilot for air experience flights for students involved in the build, displaying the plane at the Farnborough Air Show in 2014.

Can arrange competitive hire of Warrior 2 aircraft through my club, and also flights with an examiner [FIE] should this be required for revalidation.
