

About Your LAA Coach

Ron Perry

I have been a LAA coach since 2002 holding a CRI SE rating for SEPs and TMGs. I am based near Cheddar (North Somerset) but willing to travel.

I started gliding in 1968 and have over 1100 hours with two diamonds. I held a gliding instructor rating when I was 21 and worked up to CFI. I took up power flying in 1976 and also began flying hang gliders and weight shift microlights in their infancy.

I currently have a share in a Rotax Falke and aerotow gliders regularly, plus an Emeraude share which I have had for many years.

I enjoy foreign touring and have visited many European countries including Sweden, Czech Republic and Switzerland.

I have 2000+ power hours.
