

NOTICE TO COACHES NTC 02/20

16th January 2020

Submission of revalidation and renewal documentation

The following announcement was sent out by the CAA "Skywise" system yesterday. As all of you are "R" Examiners, in case you are not a subscriber to that process please note the following:

All Examiners and those Instructors with FCL.945 privileges are reminded of the importance that it is their responsibility to submit documents relevant to the revalidation or renewal of an individual's rating privileges within 14 days of a proficiency check or revalidation check flight.

CAA records are required to be kept fully up to date, failure to submit such documentation can affect the reputation of an individual as it can appear that the individual has undertaken a flight without valid privileges.

Please remember that this is in addition to you submitting the [LAA PCS Training Form](#) for any coaching/training that you do.

Regards

Chris Thompson
PCS National Coach
