

## **NOTICE TO COACHES NTC 07/20**

**12th August 2020**

### **Ground examining**

The LAA as a Declared Training Organisation is entitled to provide PPL ground examinations to its members.

The CAA is implementing new examination procedures with effect from October, involving on-line examinations. The LAA's examination centre is registered as its Headquarters at Turweston, and we intend to offer these on-line examinations to members who may need them. To that end we need to register any of our Coaches who are already ground examiners and are willing to administer these examinations from HQ.

I apologise for the short notice of this request, but the CAA needs to know the names and CAA numbers of our intended ground examiners by 21 August. Therefore, if, as a Coach, you feel you might be able and willing to administer these new examinations, can you please inform me before the 20<sup>th</sup> so that we can register you with the CAA?

David Cockburn  
PCS Head of Training
